Issue – Being that the City of Kerman is a small town, many listeners complain that there is nothing to do within the city. There's also a lack of community togetherness and the Youth need healthy outlets. Furthermore, as a station we want to draw attention to Kerman's local parks, communities, services, community groups and businesses.

Issue – The Centers for Disease Control and Prevention (CDC) estimates that 48 million Americans get foodborne illnesses each year. That equals out to roughly 128,000 hospitalizations and 3,000 deaths. Those with weakened immune systems such as children and the elderly are especially at risk of contracting food poisoning.

AD Council:

Food Safety Education/Alvin & the Chipmunks

Twenty – Eight (28) Thirty Seconds Public Service Announcements Aired: 11/17/2015 – 12/31/2015 (Monday – Sunday 6AM – 12AM).

Alvin and the Chipmunks want to remind you to keep bacteria and food from making you ill with four simple steps. This will be a walk in the park. Clean. Wash hands and surfaces often. I'm waiting for the rinse cycle. Separate. Keep raw meats away from ready to eat foods. Yup! Cook. Make sure meat, poultry and seafood is cooked to the right temperature. Fire in the hole! And chill. Refrigerate food promptly. Bingo! Check your steps at foodsafety.gov. Brought to you by the USDA, HHS and the Ad Council. The road trip to food safety starts at foodsafety.gov.

II. SAFETY/DRUGS & ALCOHOL

Issue – Since launching this campaign in 1983, more than 68% of Americans report that they have tried to prevent someone from driving after drinking. In 1998, America experienced its lowest number of alcohol-related fatalities since the U.S. Department of Transportation began keeping records.

AD Council:

Buzzed Driving Prevention/Attention Men

Forty – Five (45) One Minute Public Service Announcements Aired: 12/04/2015 – 12/31/2015 (Monday – Sunday 6AM – 12AM)

Attention men under the age of 35. You know what really impresses the ladies? When a guy has a few drinks and later gets pulled over for buzzed driving. That can cost you around \$10,000 in fines, legal fees and

increased insurance rates. There goes let's grab dinner and movie. Oh I know you drive more carefully when you're buzzed. You've proven that hundreds of times. A woman admires that kind of confidence and you've practiced how to speak if a cop does pull you over. Slowly, clearly and politely like: good evening officer. A woman admires that kind of foresight. And what woman doesn't find it adorable that you call it buzzed even though the law calls it drunk. You can kiss \$10,000 goodbye along with any chance of having a girlfriend. Because nothing says I'm a catch more than a guy who lives in his parent's basement and calls it my place. Buzzed, busted and broke. Because buzzed driving is drunk driving. A message from the National Highway Traffic Safety Administration (NHTSA) and the AD Council.

III. COMMUNITY ISSUES/ INVOLVEMENT/EVENTS

Issue – United Way works with local communities to figure out what a place needs and helps create a real change. United Way wants to inspire people to get engaged and partner with them in their efforts to address education, income and health challenges in local communities to create a real lasting change.

AD Council: **Community Engagement/The Difference Is You**

Three (3) One Minute Public Service Announcements Aired: 11/17/2015 – 11/18/2015
(Monday – Sunday 6AM – 12AM)

This is Nom Dies Simoua. I play football for the Philadelphia Eagles, but what I do off the field with United Way might be more important. I'm a volunteer tutor and mentor. Why, because over a million kids a year drop out of school and that's not okay. It takes 12 years to create a graduate, but it takes about the same amount of time to create a dropout. And the difference between a child becoming one or the other could be me or it could be you. Studies show that if we get to these kids earlier their chances are better. And kids that read well by third grade are more likely to graduate. So join me and United Way. Suit up and take the pledge. Become a volunteer reader, tutor or mentor. Because when a child succeeds, we all succeed. Give. Advocate. Volunteer. Live united. Take the pledge at UnitedWay.org. Brought to you by United Way, the Ad Council and the National Football League.

AD Council: **Community Engagement/Cheering Section**

Three (3) Thirty Second Public Service Announcements Aired: 11/12/2015 – 11/17/2015
(Monday – Sunday 6AM – 12AM)

Hey! Russell Wilson here and I know how important exercise is. With Play 60, United Way and the NFL are helping kids stay active and play at least 60 minutes a day. But what this place needs is you. To donate or volunteer go to UnitedWay.org/Play60 because great things happen when we live united. Are you guys going to do that every time? Brought to you by United Way and the Ad Council.

Issue - Hunger is an ongoing concern for millions of Americans and many don't realize it's disproportionate on children. Nearly 16 million children—1 in 5 kids in America—face hunger.

AD Council: **Hunger Prevention/Food Angels**

Forty – One (41) One Minute Public Service Announcements Aired: 11/10/2015 – 12/30/2015
(Monday – Sunday 6AM – 12AM)

Hey America! We need to have a little talk. We've got more food in our country than we know what to do with. Food at the grocery store and food in the vending machines. Fast food, healthy food, and seafood. We've got so much food that any food people don't buy we just psh, throw out. Yet 17 million kids struggle with hunger.

That ain't right. Luckily the feeding America nationwide network of food banks has volunteers gathering excess food and giving it to hungry kids. They're kinda like food angels. Yah, I made that up. It's kinda catchy. Hello people! This isn't rocket science. We can solve hunger today. To start become a food angel yourself by supporting Feeding America and your local food bank at feedingamerica.org. That's a website, duh! We can't do it without your help. Brought to you by Feeding America and the AD Council.
