10/01/2019 – 10/31/2016 (Monday – Sunday 6AM – 12AM).

Each year, 6-8 million dogs and cats enter shelters and rescue groups, yet only half of those will be adopted. This leaves millions of healthy and treatable dogs and cats who still need our help to find a home. Millions of Americans look for a new cat or dog to bring home every year. This network delivers 1 million meals to seniors in need each day. They also provide important safety checks – and make meaningful connections with seniors in their communities. Twenty – Seven (27) Thirty Seconds Public Service Announcements Aired:  
10/01/2016 – 10/31/2016 (Monday – Sunday 6AM – 12AM).

According to a study by the RAND Corporation using statistics from the CDC, approximately 1.4 million homes have firearms stored that makes them accessible to the wrong hands—children, at-risk youth, potential thieves, and those who intend to harm themselves or others. Urge current and prospective firearms owners to safely lock up their guns when they're not in use. Direct firearms owners to [NCPC.org](http://NCPC.org) to determine the best safety solutions to fit their households. Emphasize that owning a firearm comes with both rights and responsibilities, and strives to encourage a national dialogue among the general public about firearms and firearms safety.

Most people agree that looking at a phone while driving is distracting and can increase the chance of an accident. That means drivers in your community are posting, liking, commenting and browsing while they are behind the wheel even though they know it's a bad idea. 25% of teens respond to a text message once or more every time they drive. No matter how confident a person is in their driving skills, there are no special abilities that make it safe to use a phone while driving.

#### **IV. EDUCATION**

AD Council: **Reducing Food Waste/Pavlov Purpose**

Twenty – Five (25) One Minute Public Service Announcements Aired:  
12/01/2016 – 12/31/2016 (Monday – Sunday 6AM – 12AM).

Across the entire production and consumption chain, about 40% of all food in the United States goes to waste. Most families don't even realize how much food they toss out—an average of 1,000 pounds per year per family of four. [SaveTheFood.com](http://SaveTheFood.com) shows how making shopping lists, freezing food and using leftovers can significantly reduce the 20 pounds of food each person throws away in a single month.
